

# TRANSFORM™

**Transform Daily Moisturiser | Anti-Ageing Moisturiser**

*Made by Nature - Proven by Science™*

Transform™ uses the power of natural Australian sugarcane extract (*Saccharum officinarum*). It is polyphenol rich, high in anti-oxidants, abundant in minerals, nutrients and essential amino acids.

Transform™ reduces the signs of skin ageing and breakdown by inhibiting many of the enzyme pathways that cause skin damage. It helps maintain healthy looking skin.  
Petrochemical free and made from pure plant derived ingredients.

Gentle enough to use on the most sensitive and problematic skins, including eczema and psoriasis prone skin.  
Transform™ is a light, non greasy moisturiser enriched with natural almond oil, apricot kernel oil and Australian sugarcane extract.

Directions: Apply morning and night and massage gently into the skin.

## Supported by scientific evidence Transform™ has the following benefits:

- ✓ Inhibits collagenase and elastase, key enzymes in skin cells that cause wrinkles
- ✓ Inhibits the enzyme tyrosinase that triggers melanin production which can cause hyperpigmentation
- ✓ Inhibits MMP-1 (matrix metalloproteinase-1), a biomarker produced by UV stress, which causes excessive breakdown of connective tissue, increasing wrinkles and ageing
- ✓ Activates telomerase increasing DNA length and function
- ✓ Provides UV protection and control of melanin metabolism
- ✓ Improves skin firmness, tightness and rejuvenates elasticity
- ✓ May activate the body's own natural anti-oxidants
- ✓ Slows down the ageing process
- ✓ Reduces dark spots and blemishes
- ✓ Anti-oxidant and anti-inflammatory properties

### Testimonial

*"I have had psoriasis for 35 years and have tried many different types of diets, creams, tablets and natural remedies. Transform™ has not only reduced the areas of psoriasis and relieved the itching, it has returned the areas to normal skin colour and tone. I am truly amazed at how effective this cream is."*
